Hi Kristine,

Thanks for setting aside some time for us on Thursday to meet and discuss the Port's 104(e). As you requested, I wanted to get you a quick list of those things we would like to discuss regarding the Port's 104(e). Those discussion points are:

1. Dimensions of the challenges the Port faces for handling the 104(e) response
2. Efficient ways to collect & supply the necessary information requested for the 104(e) response
3. Possible schedule for responses for Port sites

Also, David Ashton mentioned that he had had the opportunity to speak with Lori Cora on this matter and that she was going to follow-up with you. We are wondering if she would be available for the Thursday meeting too?

Looking forward to seeing you next week. Have a nice weekend!

Nicole
